DETAILED ACTION

Specification

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-2 and 5-10 recite the limitations "the first wavelength, the second wavelength converter" in line 18, 20-21 and "the second wavelength router" in line 22 of claim 1. There is insufficient antecedent basis for this limitation in the claim.

Claims 11-12, and 15-23 recite the limitations "the wavelength signal" in line 22 of claim 1. There is insufficient antecedent basis for this limitation in the claim.

Response to Argument

3. Applicant's arguments filed on 02/20/2007 have been fully considered but they are not persuasive.

A. Rejection of claims 1, 2, 5-12 and 15-23 under *USC § 102(e) and USC § 103(a)*.

Applicant argues that claim 1 has been amended to include the limitations of claims 3 and 4, indicated as allowable in item 6 on page 6 of the Office Action and claim 11 has been amended to include the limitations of claims 13 and 14, also indicated as allowable in item 6 on page 6 of the Office Action. However, the amended claim 1 has not been amended to include the limitations of claims 3 and 4 and claim 11

Art Unit: 2613

has not been amended to include the limitations of claims 13 and 14. It appears that the amended control device paragraph in claims 1 and 11 is not based on the control device paragraph of the original claims 1 and 11.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
